House rules

- The accommodation is non-smoking. Please smoke on the terrace and clean the ashtray before check-out.
- Lock doors and windows when you leave the property and turn off the lights.
- No excessive noise pollution: You can of course dine on the terrace, but avoid loud music as this could disturb the neighbours.
- Don't waste water, we are in a region where water is a precious resource.
- Take care when you use the grill! Keep it well away from hedges, the risk of fire is high in the area.
- Try as much as possible to leave the sand outside of the accommodation.
- Use the Surf-rack for your surfboards and wetsuits (even when wet).

House equipment

We would like to remind you that you are responsible for the furniture placed at your disposal.

Household appliances

The user guides for the appliances can be found in the empty compartment under the refrigerator.

Dishwasher

Tablets, regenerating salt and rinsing liquid are available in the storage room.

Extractor hood

Please use it as soon as you cook. Feel free to open the kitchen door to ventilate the kitchen more easily.

Electricity

The electrical cabinet is located in front of the staircase in the metal frame with the wave (FYI this is a home-made painting!).

Shower sand filter

If the water in the shower drains slowly, the filter might be full of sand.

Please empty and clean the filter regularly.

Waste sorting

The containers for garbage separation are located on the other side of Avenue Chambrelent, 50 metres from the house.

The "all-purposes" black containers are on the right-hand side of the private car park on Avenue Chambrelent (20 meters from the house).

General water cut-off

In case of emergency, there is a security valve behind the hatch on the right side of the washing machine (see photo). This valve cuts off the water for the entire accommodation.

Washing machine

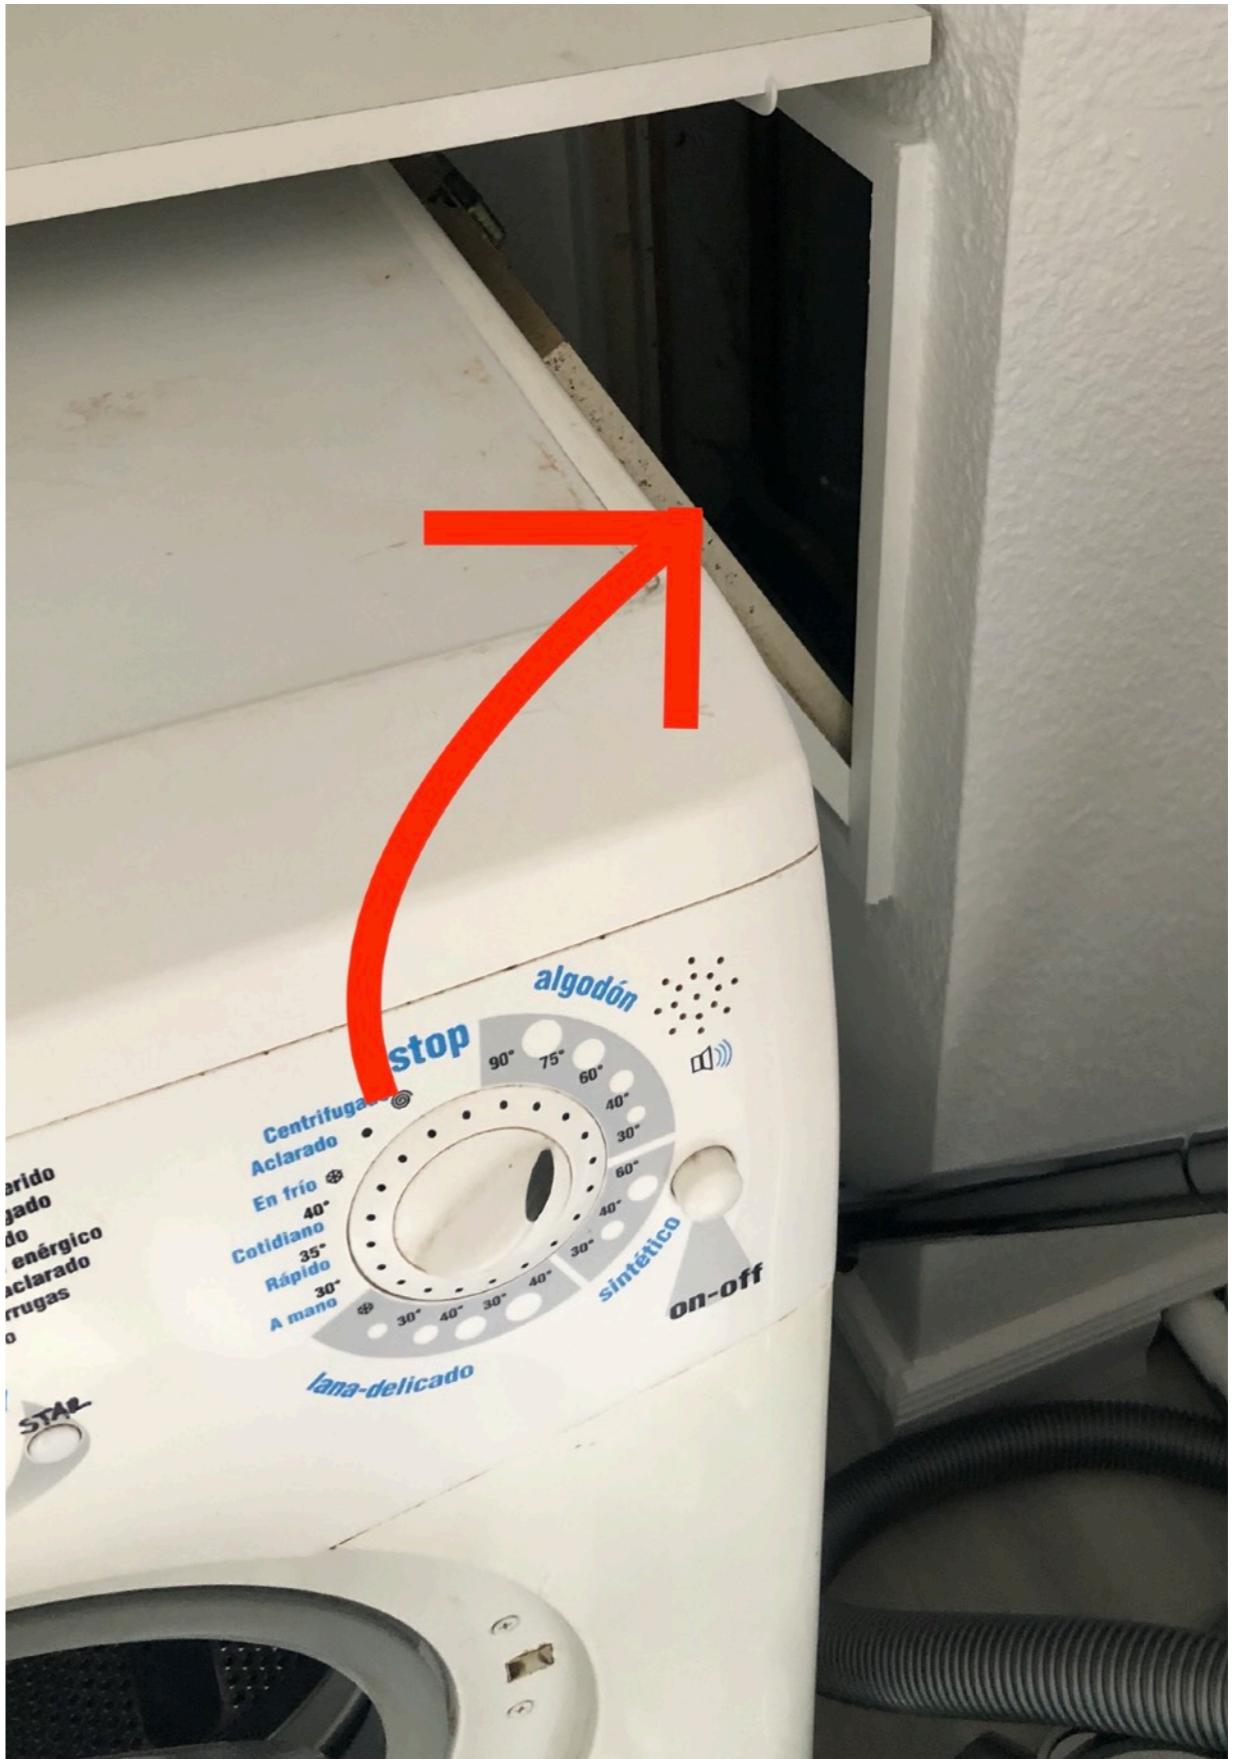

The washing machine speaks Spanish. After choosing your program, press strongly on the door/window to start the machine.

After washing please leave the window open to allow the machine to air out.

In case of emergency, there is an extra valve behind the washing machine to cut-off the water (only for the washing machine).

The dryer rack is located in the outdoor storage area.

Restaurants

Among others, try these:

An excellent restaurant at Le Penon with fresh local products. We recommend the *Floc de Gascogne* as an aperitif, the *magret de canard des Landes* as a main course, and why not some *Armagnac* as a digestive!

SUNSET BOWLS

Great spot on the shores of Hossegor lake with very good bagels and salads.

Bars

Snackbar d'Elmar

Right behind the dune at the back of the residence and facing the ocean, the best place on the whole coast to have a drink while watching the sunset. Quiet, with little concerts on weekends for a great atmosphere!

For beer lovers this is the place to be! Lots of beer choices and good food on top of that.

Surfing in Le Penon

Everywhere on the Southern-West coast of France, and especially in Seignosse and Hossegor, there are good waves all year round.

Some useful tips:

- If you want to surf at Le Penon, go to the spot behind the residence and early in the morning. In summer, the water quickly becomes full of surfers!
- Early in the morning the spot of the “culs-nuls” is less crowded than those in front of the tourist areas like Le Penon, Les Estagnots or La Sud in Hossegor.
- If the sea is too rough, go to The Santocha beach in Capbreton. The port and the dykes protect this area when the swell is too big.
- In case you want to surf far away from everything and everyone, walk North on the beach. Tens of kilometres of free beach and empty waves are waiting for you.

Please respect the safety and environmental rules for the sand dune which protects the region.
